Test your VIM skills.
=====================

Download a file and use VIM to subsititute words in the document:

Ensure you are the "afnog" user:

$whoami
afnog

$cd /home/afnog

Download the file:

$fetch https://lab1.isoc.afrinic.net/rc.conf

Open it with vim

$vim rc.conf

Task 1: (hint: you can use %s)
=============================

Replace all instances of the word "firewall" with the word "tree"

Task 2:
======

Replace all instances of the word "jail" with the word "warden"

Task 3:
======

Go to line 97 and put a line of asterisks (ie ****************)

Save and exit the file
